# FUEL NOZZLES

www.equipco.com.au 1800 813 182

## Nozzles

#### **AUTOMATIC FUEL DISPENSING NOZZLES**

The Equipco range of automatic nozzles offer a broad range of flow rates to meet most applications for auto-shut off refuelling. The nozzles come standard with BSP inlet threads. A range of spare parts are available.

#### **60 SERIES**

The Equipco range establishes a new standard for vehicle refuelling. The light weight, single body sand cast aluminium construction produces a smooth working rugged nozzle specifically designed for endurance.

#### A60

- 3/4" BSP Inlet.
- One-hand hold open mechanism for effortless operation.
- Full scuff guard.
- Spout is easily replaced on location.
- Weight 1.1 kg.
- · Pump use only.
- 60 LPM max A60.
- 40 LPM max A60-NL.
- 25 PSI W.P.

#### A120L

Heavy duty high flow truck stop nozzle for the rigours of diesel refuelling. Compact, strong lightweight construction.

- 1" BSP Inlet.
- Scuff guard.
- Spout is easily replaced on location.
- 200 LPM max.
- Weight 1.55 kg.
- Pump use only.
- 25 PSI W.P.

A60-NL

| Code   | Description                                       |
|--------|---|
| A60    | ¾" Diesel Nozzle - Black cover. 60 LPM max.       |
| A60-NL | ¾" Unleaded Nozzle - yellow cover. 40 LPM max.    |
| A120L  | 1" Auto Diesel nozzle - Black cover. 200 LPM max. |

#### **AUTOMATIC NOZZLE FOR UNDERGROUND COAL MINE USE**

#### A70205

Stainless steel automatic nozzle for use with diesel, technical fluids or applications where aluminium is not suitable such as underground coal mine use.

#### Features:

- 3/4" BSP inlet.
- Scuff guard.
- Weight 2.6kg.
- 70 LPM max.
- 25 PSI W.P.
- Suitable for use with Adblue, diesel and some chemicals.
- Pump use only.

| Code   | Description                                 |
|--------|---|
| A70205 | ¾" Stainless steel auto nozzle. 70 LPM max. |

**Fuel Equipment** 

#### **HUSKY AUTOMATIC SHUTOFF NOZZLES**

- Husky automatic shut off
   Fitted with Flo-Stop™ nozzle for petrol.
- ¾" BSP female inlet.
- NMI approved for retail
- 45 LPM Max flow rate.
- · Made in USA.
- device shuts off nozzle if it falls from fill neck or when raised above horizontal.
- Dual poppet design for easier opening of nozzle.
- · Pump use only

- · Husky automatic shut off nozzle for diesel.
- 100 LPM Max flow rate.
- 1" BSP female inlet 24mm 0.D outlet spout.
- NMI approved for retail use.
- · Made in USA.
- Fitted with Flo-Stop™ device shuts off nozzle if it falls from fill neck or when raised above horizontal.
- Dual poppet design for easier opening of nozzle.
- Nozzle comes standard with full grip guard and splash
- Aluminium body construction.
- · Includes hold open adjustable trigger clip
- Pump / Diesel use only.

- ¾" BSP husky automatic shut off Service Station Bowser Nozzles
- NMI approved for retail use.
- · Made in USA.
- Flo-stop™ device that shuts off nozzle in event that nozzle falls or is raised above horizontal
- Pump / Diesel use only

#### **HS280**

- 1"BSP female inlet.
- NMI approved for diesel retail use.
- High flow diesel truck stop 275 LPM max flow nozzle
- Heavy duty for all rigours of retail or commercial fleet users
- Flo-Stop™ device

| <ul> <li>Made i</li> </ul> | n USA.  • Pump / Diesel use only   |

#### **HS380**

- Automatic high flow refuelling
- Maximum flow rate: 375 Litres per minute
- Inlet: 1½" F BSP
- Durable die cast aluminium nozzle
- Pump / Diesel use only
- · Made in USA.

## Nozzles

#### **ZVA ELAFLEX SERVICE STATION BOWSER NOZZLE**

#### **ZVA SLIMLINE**

ZVA Slimline unleaded/diesel automatic shut off nozzle

| Code  | Description  |
|-------|--|
| ZVAUL | 1" Unleaded genuine ZVA Slimline auto shut off nozzle. 50 LPM max flow.  |
| ZVADI | 1" Diesel genuine ZVA Slimline auto shut off nozzle.<br>80 LPM max flow. |

- Integral swivel joint for ease of use. 1" BSPF.
- Fully serviceable with all parts available.
- Working pressure 7.25 58 PSI max.

**ZVAUL** 

- Up to 50 LPM max flow unleaded ZVAUL.
- Up to 80 LPM max flow ZVADI.
- · Made in Germany.
- Compound main valve and bleed poppet offers minimum pressure loss and maximum
- NMI/NSC certified for resale use.
- · Pump use only.

- Options on colours of scuff guard for low flow
- Splash guard available for low flow range.

1" Genuine ZVA25 high flow diesel automatic shut off nozzle with inbuilt check valve.

- Fully serviceable.
- · Made in Germany.
- 140 LPM max flow rate.
- Diesel use only.
- NMI/NSC certified for resale use.
- Integral swivel joint.
- · Pump use only.
- Working pressure 72 PSI max

| Code    | Description  |
|---------|--|
| ZVA25-5 | 1" Genuine ZVA25 High flow diesel auto shut off nozzle. 140 LPM max. |

### ZVA32

11/4" ZVA32 high flow diesel automatic shut off nozzle with inbuilt check valve and swivel with self lubricated ball bearing.

- Fully serviceable.
- · Made in Germany.
- 200 LPM max flow rate.
- · Diesel use only.
- · Pump use only.
- NMI/NSC certified for resale use.
- 32mm inlet.
- Working pressure 7.25 87 PSI max.

| Code  | Description  |
|-------|--|
| ZVA32 | (32mm) 1¼" Genuine ZVA32 high flow diesel auto shut off nozzle. 200 LPM max. |

## Nozzles

**Fuel Equipment** 

#### MANUAL FUEL DISPENSING NOZZLES

#### 10A20

Budget Fuel Trigger Nozzle for diesel or unleaded petrol. Quality product, proven design for gravity fuel storage tanks or farm pump applications.

#### Features:

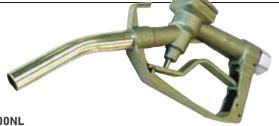

- Screw out diesel or unleaded spout.
- Lightweight aluminium construction.
- Stainless steel stem.
- '0' ring seals.
- 1" BSP female threaded inlet.
- Steel handle.
- 26 PSI W.P.

#### AVZV25-11

- Aviation manual nozzle bowser style.
- 1" BSP inlet.
- Complete with internal check valve, 100 mesh strainer and integral inlet swivel.
- Also includes dust cap and spring loaded chain, 1.2 Mtr bonding cable and clip.
- 140 LPM max. flow.

| Code      | Description                             |
|-----------|---|
| AVZV25-11 | 1" Aviation manual nozzle. 140 LPM max. |
|           |   |

SF200NL

Equipco manual fuel nozzles are manufactured from cast aluminium with heavy duty design features giving efficient operation. While simple in design, these nozzles are fully serviceable, including interchangeable diesel and unleaded spouts. Premium diesel manual fuel trigger nozzle

#### Features:

- Screw out curved diesel or unleaded petrol spout.
- · Smooth quality alloy construction.
- 1" BSP female swivel hose connection.
- Service cap fixed by 4 screws.
- Hold open spring activated lever latch.
- · Efficient flow through design.
- 26 PSI W.P.

| Code     | Description   |
|----------|---|
| 10A25    | 1" Diesel fuel trigger nozzle.                                    |
| 10A20    | 1" Unleaded petrol trigger nozzle.                                |
| SF200NL  | 1" Premium diesel manual fuel trigger nozzle.                     |
| SF200NUL | 1" Premium unleaded petrol fuel trigger nozzle, manual operation. |
| TN1025   | 1" Water trigger nozzle with reduced spout for jet effect.        |

#### TN1025

- New design slump gun nozzle with hardened tube with 10mm reduced spout. Used by concrete trucks for adding water or wash down operations.
- 1" BSP female inlet with steel handle.

### 227C-25

- 1" NPT brass manual nozzle
- for under ground coal mine use.
- Pressure up to 35 PSI.
- Diesel, petrol or compliant solvents.
- Teflon seal.

| Code    | Description                 |
|---------|-----------------------------|
| 227C-25 | 1" NPT brass manual nozzle. |

## Nozzles

#### MANUAL BULK FUEL OIL DELIVERY NOZZLES

| PART #         | DESCRIPTION  |
|----------------|--|
| 409E           | 1¼" (32 mm) Bulk fuel truck delivery manual nozzle.              |
| 490-40         | 1½" (40 mm) Bulk fuel truck delivery manual nozzle.              |
| 1250           | 1½" (40 mm) Fuel manual nozzle for Contractor pumps.             |
| A1298          | 1½" (40 mm) Automatic shut off bulk fuel nozzle                  |
| ADS-1          | 1.2 Mtr x 41 mm 0.D drum filling spout.                          |
| SP121A         | 1¼" (32 mm) Spout with camlock adaptor for 409E<br>Nozzle.       |
| AL32B          | 11/4" (32 mm) Camlock coupler for 409E Nozzle.                   |
| 409E-A21K      | Poppet service kit for 409E nozzle complete with stem packing.   |
| 490-<br>40A31K | Poppet service kit for 490-40 nozzle complete with stem packing. |

#### **490 SERIES**

EBW dual poppet nozzle for demanding everyday use with tanker delivery trucks. These rugged nozzles feature Nylafil replaceable lever latch and pin bushing that resist wear at least five times longer than aluminium. Sturdy construction, with replacement wear parts along with service kits, gives you peace of mind with your nozzle purchase.

#### **Features**

- Manual shut off.
- Trim modern design, light to hold, easy to use.
- Extra heavy lugs at wear points
- Dual poppet ensures easy opening and precise "topping off"
- 1¼" (32 mm) and 1½" (40 mm) Sizes
- Full service kit available
- Suitable for diesel or petrol

#### Options

- Swivel connector, SW32CK(32mm) or SW40CK(40mm)
- Camlock Nozzle Spout Adaptor

| CONSTRUCTION |                    |
|--------------|--------------------|
| BODY         | Aluminium          |
| STEM         | Stainless steel    |
| PACKING      | Teflon impregnated |
| DISCS        | Viton              |

#### 1250

1½" Heavy duty manual fuel delivery nozzle for truck, contractor pumps or gravity use. Lever latch with brass handle for heavy duty use.

- Aluminium construction
- 260 LPM flows
- Removable spout
- Diesel use only
- 11/2" BSP female inlet.
- 25 PSI WP.

### A1298

- Automatic shut off nozzle.
- Full aluminium construction
- Nozzle sensing tip
- Dash poppet operation
- 260 LPM flows
- Pump use only.
- Diesel use only.
- 11/2" BSP female inlet.
- 25 PSI WP.

# Mining Nozzles

#### HIGH VOLUME DIESEL - LUBE OIL SYSTEMS FOR HEAVY EQUIPMENT

#### **BNM800M**

- 2" New Banlaw lightweight refuelling nozzle with dust plug.
- Flow range 100-800 LPM.
- Inlet 2" NPT female.
- · New carry handle design, incorporating stainless steel for added durability.
- Strengthened operating T-handle.
- Measures to further minimise contamination ingress into the rear chamber of the nozzle, particularly the piston bore.
- A new nozzle body, comprising a stainless steel section at the front for increased durability and improved latching onto the mating fuel receiver.
- Serviceable (replaceable) stainless steel bore sleeve in the rear piston chamber
- · Automatic Shut off
- Dependable ball locking mechanism
- Dry break disconnection minimises leakage
- · Manufactured from metal not plastic

#### BAMS5

2" Bulk transfer nozzle for diesel. or oils. Dry break technology. Flow range 100-800 LPM. Fits BRM23 Receiver. Inlet 2" NPT female.

- Banlaw 1.5" Underground Mining Nozzle AUS45. 90-800 LPM / 24-211GPM
- Mass (with plug): 3.4kg (7.5lbs)

| Code    | Description                                       |
|---------|---|
| BNM800M | 2" (50mm) New Banlaw Automatic Nozzle.            |
| AUS45   | Banlaw 1.5" Underground Mining Nozzle. 90-800 LPM |
| AUS46K  | Banlaw receiver to suit AUS45 underground nozzle  |
| BAMS5   | 2" (50mm) Bulk Manual Nozzle - non shut off.      |

### FAST FILL NON PRESSURISED FILLING FOR TANKS, MINING AND EARTHMOVING MACHINERY

#### SH-971

- Refuel or fill any fluid storage vessel accurately and prevent spillage or over-pressurizing the storage tank.
- Flow rates up to 220 GPM (835 LPM).
- Positive shut off prevents manual override.
- Meets directive 97/23/EC and does not pressurize tank.
- No spills or burst tanks.
- · Ground level filling.
- Select and mount either style valve to the lower part of the fuel tank and mount the control vent to the upper part of the tank. Feed connection hose internally in tank.
- Adjustable vent spacers provides fine shut off tuning.
- New external sensor tube option

Filtered breather

| Code   | Description   | J |
|--------|---|---|
| SH-971 | 2" NPT non pressurised Kit for fast fill system to so<br>2" Banlaw or Wiggins auto shut off nozzles. Interna-<br>or external sensor tube option |   |

# Mining Nozzle Accessories

#### **VENTS**

#### AUS25A

Standard high capacity vent, 2" NPTM with splash tube, 16 PSI.

Options:

- Colour coded low pressure vent.
- 7 PSI.

Filtered vent for dust free venting of diesel tanks in extreme conditions.

#### **SWIVELS**

Large range of swivels for harsh operating conditions under constant load use.

**AUS10** - 2" NPT M-F. Zinc steel construction.

AUS8 - 1½" NPT M-F. Zinc steel construction.

AUS9 - 2" NPT-1½ M-F. Zinc steel construction.

**AUS50** - 2" NPT M-F. Aluminium anodised construction.

#### **RECEIVERS**

Standard Banlaw 2" Fuel receiver with cap to suit BNM800M Banlaw nozzle and other interchangeable brands. 2" NPT.

#### TANK ACCESSORIES

Receiver Flush Mount Shell. Weld on or boltable flush mount fitting for safe receiver access.

#### AUS25R

Low profile railway vent with flexible float case for low profile tanks. Pressure 7 PSI.

#### Options:

- Hose tail barb to connect hose for vent discharge.
- Extension splash tubes for round top tanks.
- Flange mount to suit Caterpillar or Kamatsu tanks.

#### **BREAKAWAY VALVES**

To protect fuel station from massive damage due to accidental drive away when connected.

| Code     | Description  |
|----------|--|
| AUS25A   | 2" Vent. 16 PSI setting for flat top tanks. Tube length 250mm.     |
| AUS25A-L | 2" Vent. 7 PSI setting for flat top tanks. Tube length 220mm.      |
| AUS25A-C | Banlaw Vent Standard with ¾" hose tailed outlet 16 PSI (RED CAP)   |
| AUS25-C  | 2" Vent. 16 PSI setting for round tanks. Tube length 340mm.        |
| AUS25C-L | 2" Vent. 7 PSI setting for round tanks. Tube length 340mm.         |
| AUS25R   | 2" Vent. 7 PSI setting with flexible vent cage. Tube length 200mm. |
| AUS4W-50 | 2" BSPT breakaway valve.   |
| BRM23K   | 2" NPT Standard Receiver includes cap                              |
| AUS8     | 1½" NPT M-F Zinc steel swivel                                      |
| AUS9     | 2" NPT - 11/2" NPT M-F Zinc steel swivel                           |
| AUS10    | 2" NPT M-F Zinc steel swivel joint.                                |
| AUS50    | 2" NPT M-F lightweight aluminium swivel                            |

Receiver fitted to typical nozzle installation for bottom loading fuel storage tanks. Fitted with viton seals. Helps to comply with Current Site Practices with refuelling in marine applications to protect our waterways.

| Part # | Description    | Max. Flow | Size     |
|--------|----------------|-----------|----------|
| BP64   | Fuel Receiver. | 300 LPM.  | 1¼" NPT. |
| BP65   | Fuel Nozzle.   | 300 LPM.  | 1¼" NPT. |

# Fuel Equipment Swivels

### **SWIVEL JOINTS**

Equipco stock and distribute an extensive range of swivel joints for use with fuel nozzles. Varying sizes and configurations allow for most applications required. Certain large swivel sizes have inbuilt check valves to satisfy NMI/NSC resale approvals.

#### Features:

- Compact size
- Male-Female connections
- · Reduced thread options
- · Aluminium and brass construction
- Low pressure use 25 PSI max.

#### Options:

Twin Plane
 Swivel joint to
 give freedom of
 movement and
 extra flexibility of
 use.
